INSURANCE WRITTEN

The amount of insurance written during the year, exclusive of casualty, was \$2,342,740,435. This is a decrease of \$356,086,029.16 over the previous year.

DEPARTMENTAL EXAMINATIONS OF COMPANIES AND ASSOCIATIONS

Examinations of the following local companies were completed in 1928 by the examiners of the department, viz:

LIFE

Union Cooperative Insurance Association.
 Equitable Life Insurance Co.
 Capital City Life Insurance Co.
 Federal Life Insurance Co.

FRATERNAL

Electrical Workers Benefit Association.

FIRE

Potomac Insurance Co.

CASUALTY

Columbia Plate Glass Insurance Co.

The department was represented by special examiners in the following convention examinations, viz:

LIFE

National Benefit Life Insurance Co., Washington, D. C.
 George Washington Life Insurance Co., Charleston, W. Va.
 Royal Union Life Insurance Co., Des Moines, Iowa.

FRATERNAL

Independent Order of St. Luke, Richmond, Va.
 Supreme Tribe of Ben Hur, Crawfordsville, Ind.
 Security Benefit Association, Topeka, Kans.

WORKMEN'S COMPENSATION INSURANCE

The adoption of the provisions of the longshoremen's and harbor workers' compensation act of March 4, 1927, for the District has not only greatly benefited employees but has increased the revenue for the District, inasmuch as the total of the premiums collected by the various carriers transacting this particular class of business has risen from \$17,391 in 1927 to \$1,133,111 in 1928.

LEGISLATION

The Congress passed in December last two more bills amending the fraternal insurance law, as follows: House bill 10869 reenacting section 764 of the Code of Law for the District so as to add to the list of excepted societies the various councils of the Junior Order United American Mechanics, the Daughters of America, and the Knights of Columbus, and Senate bill 3844 amending section 749 of the code enlarging the powers of the fraternal societies in the payment of benefits to beneficiaries.

TAX ON REINSURANCE

Changing our tax-return forms last year in reference to credits for reinsurance and compelling the companies to list all companies accepting reinsurance has brought to light the fact that quite a number of such concerns are not licensed to transact the business of insurance in the District. Accordingly we disallowed the credits for this reinsurance and collected the tax on the reinsurance from the ceding company. This has increased our collections of taxes considerably.

FIRE INSURANCE PREMIUMS AND LOSSES

Following the custom of the department a comparative statement of the fire insurance premiums collected and the losses paid by the various companies extending over a period of 10 years is given below. It should be borne in mind that these figures are taken from the sworn statements of the various carriers filed with the department from year to year. We have no other means of verifying their correctness.

The figures are as follows:

	Premiums received	Losses paid	Percentage
1919.....	\$1,553,605.85	\$561,784.62	36¼
1920.....	1,860,474.07	424,310.19	22½
1921.....	1,644,984.74	589,198.18	35½
1922.....	1,996,996.79	1,099,187.28	55
1923.....	2,442,344.58	819,799.52	33½
1924.....	2,234,029.11	871,674.30	39
1925.....	2,521,798.62	847,686.35	33½
1926.....	2,771,390.32	900,757.21	32½
1927.....	2,591,868.30	752,533.44	29½
1928.....	2,689,652.50	620,935.28	23½
Grand total.....	22,307,144.88	7,487,860.37	33½

From the above you will observe that of the total premiums collected during 1928, 23.1 per cent was sufficient to cover the losses. By referring to the previous reports of the department you will see that for years reduction in fire rates prevailing in the District has been advocated. The various citizens' associations have passed resolutions repeatedly calling for reduced rates, and at the same time the local chamber of commerce has taken similar action. This has been followed by editorials in the local newspapers from time to time. This agitation has not been in vain, inasmuch as effective January 1 last material reductions were made in the fire rates on dwellings, so that there should be a considerable saving in premiums to the people of Washington from now on.

In our last report we recommended to your board the appointment of a commission to study the fire rate situation in the District. That recommendation is renewed. The United States Bureau of Efficiency, having made a very exhaustive study of the whole situation from every angle and compiled valuable statistics in connection therewith, could, no doubt, conduct an impartial investigation and render the citizens of the District a real service.

THE NEW INSURANCE CODE FOR THE DISTRICT

We are still of the opinion that the District should have a new and complete insurance code. Without doubt many of the present-day abuses could be prevented if we had a law with "teeth." There are many representatives who should be kept out of the insurance business in justice to the insuring public. As has been said by company officials, as well as insurance department heads, the District should have a model insurance law. Such testimony has been given at more than one hearing before congressional committees in the past.

Senator Arthur Capper, of Kansas, chairman of the Senate District of Columbia Committee, has introduced in the Senate what is known as the American Bar Association draft of statutory provisions relating to the business of insurance, which was approved by that association on September 2, 1927. This draft has also been introduced in the House of Representatives by Col. E. W. Gibson, of Vermont.

Senator Capper has signified his intention to make this measure one of the first to be considered by the District Senate Committee at the December session of the Congress, and it is fondly hoped that the long struggle for new insurance legislation for the District will at last be crowned with success.

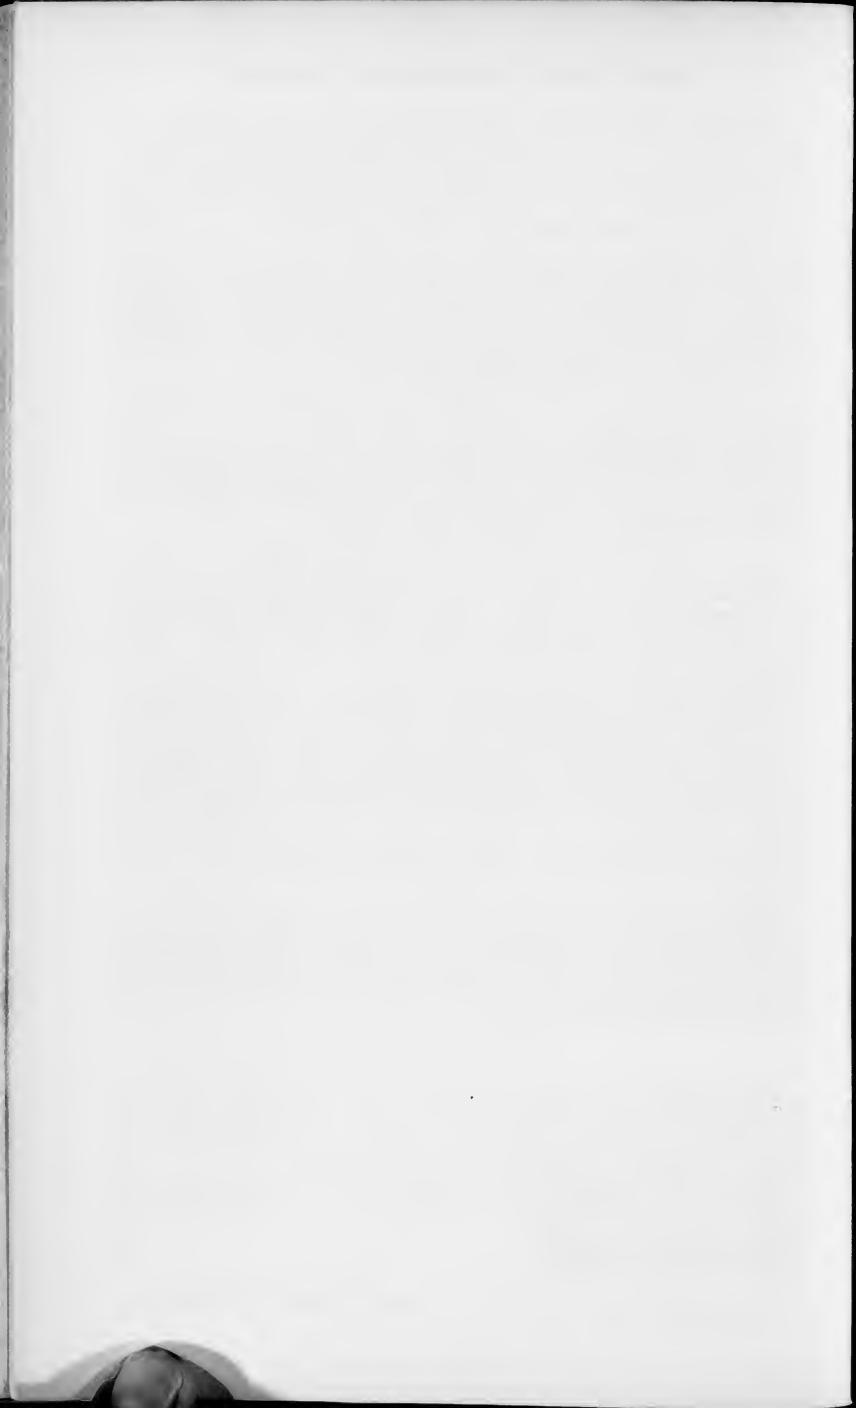

GENERAL REMARKS

At the opportune time we trust your board will take favorable action regarding our recommendation for an "insurance day" for the District, as set forth in our last report. A goodly number of the States are now successfully observing such an occasion, and we believe it would be equally beneficial to the District.

Should the American Bar Association bill be enacted into law during the present Congress, the question of an actuary for the department would be solved.

Respectfully submitted.

T. M. BALDWIN, Jr.,
Superintendent of Insurance.
